This work is dedicated to two geniuses who made it possible:

- Raddio Lúcia, for providing with their findings, with the majority of structural-biological aspects, on which is supported the psyche.
- Sigmund Freud, for teaching us, on mental function and make us understand that, beyond represent a link with the spiritual or religious, is an inseparable reality that must be taken into account, because it is the determinant of what the man is as man.

ABOUT THE AUTHOR

Specialist in Clinical Cardiology and Diagnostic by Images -
Medicine Faculty - National University of Cuyo - Mendoza -
Argentina.
Systems Analyst and Computer Programmer.
PhD in Psychoneuroscience - Philosophy Faculty - National
University of Cuyo - Mendoza - Argentina.
Researcher and Professor in Artificial Intelligence in
Mechanics - Faculty of Engineering - National University of Cuyo - Mendoza - Argentina.
Researcher and Professor in General Psychology - Philosophy Faculty - National University
of Cuyo - Mendoza - Argentina.

Acknowledgements

I want to thank, in particular, to the following friends who selflessly, made a benevolent
critical of this work.

- Jorge Muñoz-Ruata - Centro Universitario Villavieja - UCM
- Michael Büchler - Narsunan University
- Majawati Soekarno - University Malaysia Sarawak
- M Ramachandra Mohan - Bangalore University
- Tolga Soyata - University of Rochester
- Edward H. Sandy - China National Offshore Oil Corporation Ltd. Uganda
- Robert Moss - Washington Medical Group
- Chen-Hsiang Cheng - National Cheng Kung University
- Claudio Mascoli - Azienda Unita Sanitaria Locale Parma
- Christopher James Davis - Centre for Research in Cognitive Science - University of Sussex
- Eric Steven Hall - United States Environmental Protection Agency
- Victor M. Castel - National Scientific and Technical Research Council - University of Cuyo
- Ang Angus - Rami Unversi Pendidikan Sultan Idris (UPS)
- Davor Vilkeš - University of Zagreb
- Abdessaamad Mouzoune - University Mohammed V Agdal
- Francisco González García - Universidad de Almería
- Marco Sara - Istituto di Ricerche e Cura a Carattere Scientifico San Raffaele Pisana

I thank also all those who one way or another, made possible this venture.

TABLE OF CONTENTS

PROLOGUE 9

INTRODUCTION 13

FIRST PART: PSYCHIC STRUCTURE 15

CHAPTER 1 15

1.1. NEUROBIOLOGICAL BASES OF PSYCHIC STRUCTURE 15

1.1.1. THE NEURON 15

1.1.2. GENERIC PERCEPTION SYSTEM 17

1.1.3. OLIVE-CEREBELLAR SYSTEM 19

1.1.4. THALAMOCORTICAL SYSTEM 23

1.1.5. CEREBRAL CORTEX 24

1.1.5.1. CORTICAL STRUCTURE 26

1.1.6. NEUROBIOLOGY OF CONSCIOUSNESS LEVELS 31

1.1.7. MEMORY 32

1.2. ELECTROPHYSIOLOGY 34

NEUROCHEMISTRY OF PSYCHIC FUNCTIONING 34

EXECUTIVE SYSTEMS 34

MODULATOR SYSTEMS 35

1.2.1. THE NEURON 37

1.2.2. GENERIC PERCEPTIVE DEVICE 40

1.2.3. OLIVECEREBELLAR SYSTEM 44

CEREBELLAR FUNCTION THEORY OF MARR 46

JACOBSON'S THEORY ON SPATIOTEMPORAL ASPECTS OF OLIVECEREBELLAR SYSTEM 50

1.2.4. THALAMOCORTICAL SYSTEM 54

1.2.5. CEREBRAL CORTEX 60

1.2.6. LEVELS OF CONSCIOUSNESS 62

1.2.6.1. REGULATORY PROCESS OF THE LEVELS OF CONSCIOUSNESS 62

1.2.7. MEMORY: ITS TYPES AND OPERATION 65

CHAPTER 2 70

LOGICAL-TRANSCURSIVE BASIS OF ELECTROPHYSIOLOGICAL FUNCTIONING 70

INTRODUCTION 70

2.1. THE NEURON 77

2.2. GENERIC PERCEPTIVE DEVICE 80

2.3. OLIVE-CEREBELLAR SYSTEM 86

2.4. THALAMOCORTICAL SYSTEM 91

2.5. THE SPICE 93

2.6. CEREBRAL CORTEX 97
